AMUSEMENTS.

Of the perfomance given by Day, the hypnotist, the Glen's Falls Times asys: If you notice a good many people gazing anxiously up to the top of Ogdway hall to-day, they were looking to see if the covering was still in place. There was fun enough there last evening to raise any ordinary roof. It was all caused by Day, the hypnotist, who had a stage full of subjects and made them do the funniest things imaginable. Mr. Day has many original ideas, and as he has but to make the suggestion to have them carried out, his entertainments are extremely enjoyable. A great deal of hilarity was caused last night by the singing school scene and the great base ball game, not to mention the many other features which kept one laughing continuously. The ball game was very realistic and could not have been more interesting and exciting had it been a real contest on a real field, played by one of the crack professional teams of the courtry.

week.

The Grand Opera House was well filled last night again by an audience well pleased with the performance given by the popular Roof Garden Vaudeville company. The programme has undergone a complete change from the first part of the week and is even more attractive than before. One of the features of last night's performance was the first appearance with the company of the Rich Brothers, two well known young acrobats of this city. They do an elosant act on the triple bars, and are destined to rise rapidly to the top. Their friends were out in force last night and gave them a great send-off. They will continue the senson with the company. Mile Rialta and the Petors made another great hit last night. The engagement will close to-morrow night.

Some very attractive paper is being posted about town announcing the coming of the celebrated Waldman Specialty Company, which will arrive here next Sunday night direct from New York city and will open a week's engagement at the Grand Opera house Monday evening. The attraction is one of the strongest specialty organizations on the road and is-made up of the very best artists in the business. The wonderful Olifans, the three-headed and three-legged nondescripts; Jerome and Elexis, the frog and the lizard; Miss Lillie May, Mile Carlini, and her wonderful educated cats,dogs and monkeys. Tony Ferandez, Welch and Welch, Tem Healy the champton flatfoot buck and wing dancer, and many other excellent acts will be introduced. Seats for the engagement are now on sale at the box office. very attractive paper is being

Attractive placards advertising the Moundaville races to be held this month are displayed in many parts of the city. The races, it is understood, will be first-class and there will be no doubt a large crowd go from here to witness them. A card, separate from the regular advertisements, which has been the subject of much criticism by those who desire to see the event a complete success, signed by Jos. W. Gallagher, president, is headed "Come all ye fakirs," and continues: "Everything goes but the three little shells." The card goes on to say that those desiring faking privileges should have their bids in early. So bold an announcement that everything goes except the shell game is new and unique. President Gallagher, by the way, is the Democratic candidate for sheriff of Marshal county and treasurer of the Democratic state committee.

Baltimore & Ohio Notes

The heavy iron girders taken from the creek at the Baltimore & Ohlo de-pot, were loaded on cars and shipped to Chartlers, Pa., yesterday, They will be used in a bridge now being construc-ted there.

The Baltimore & Ohio officials have The Battimore & Onio officials have ordered the laying off-heavy ninety-pound rails in the city limits, which will be a vast improvement over the present light rails. The action was taken as a result of the city council permitting faster running of trains.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal effects are due to the fact, that it is the one remedy which promotes internal cleanliness without dobilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to vote when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative.

may be commended to the most skilling physicians, but if it need of a laxntive, one should have the best, and with the well-informed everywhere, Syrup of Figa stands highest and is most largely wed and gives most general satisfaction.

A SCANT RIVER.

The Ohio Getting So Low that Navigation May Suspend.

THIS IS THE FIRST LOW WATER

Experienced on the Upper Ohio Since Last Fall-The Season Has Been a Wonder fully and Unusually Successful One for the Steamboatmen, but La Belle Riviere is Fickle Enough to Send all the Boats to the Bank Very Soon.

For the first time since last fall, the river people are worrying about the low water in the upper Ohio. The latest boat to go to the bank is the Enos Taylor, which has been running for some time in the Wheeling and Steubenville

lor, which has been running for some time in the Wheeling and Steubenville trade. She had trouble in getting through night before last and was sent back to her home port, Higginsport, Onlo, yesterday morning by her owners. She will probably enter a local trade down the river.

If the river continues to fall the balance of this week it is probable that only two boats will continue, the Andy Hatcher and J. C. Hopkins, running in the places of the Lexington and Liberty respectively, both of which are from the Big Sandy river, where a boat to make a success has to be able to rull over a sand bar any day if it is barely sprinkled with water.

It is probable that the last boat for Cincinnati until higher water is had, has departed. Wednesday night the new Kanawha got away for below and yesterday at 1 p. m. the H. K. Bedford, which was unable to go through to Pittsburgh, turned and cleared for Cincinnati and way landings. With a falling river it is hardly probable either will re-appear at Wheeling soon.

"FALL OF POMPEIL"

Something of the Production of the Great Spectacle in Wheeling.

At the upper end of the Island, Monday, Tuesday, Wednesday, and Thursday, September 7, 8, 9 and 10, the ancient city of Pompeii will be outlined against the sky. The palace and temple with the penates and gods in front, and the large marble columns extending away on either side, sloping down to the water's edge, where a beautifully colored gondola rests against the shore in the tranquilake, and spread around in the intervening space, objects and fixtures intended to show the extravagant indolence and easy life of the inhabitants. Back from the city, with rugged and precipitous pathways, rises the towering Vesuvius, and near its crater the palace of the gods. It is an accurate panorama view of the city just before the cruption of the great volcano. Over 250 people dressed in the romana toga and the vestments of that age give a slight idea of what the inhabitants were like. Nydia, the blind flower girl, whose life was so shaped by the Roman Glaucus and the Athenian Arbaces, is seen plying her vocation. The civil dignitaries and senators emerge from the temple gates and watch the boys of the city enjoying their holiday. Arbaces leaves his palace in the goldola to visit Iona, the beautiful Neapolitan.

The doors of the palace of Isis at the left of the palace swing open and the chorus of priests march down the steps towards the triumphal arch to meet the grand procession in honor of Arbaces, followed by the grand entry of processions of flower girls, priests, priestesses, incense, flame and fan bearers, senators, Roman guards, citizens bearing flags, banners, trophles, etc.

Arbacea views the imposing pageant and takes his place upon the bath-house steps, where the trumpet sounds and the games commence. All this grand spectacle is carried out to perfection. day, Tuesday, Wednesday, and Thursday, September 7, 8, 9 and 10, the ancient

Fatal Wrestling Bout.

John Hasting, a highly respected farmer, living two miles back of Martin's Ferry, died yesterday morning from internal injuries received in a friendly wrestling bout. Two days before, while thressling at a neighboring farm he became engaged in a good natured tussle with Carson Napier. By some means in falling Hastings was hurt internally, which at the time was thought to be of no consequence, but later his condition became very serious and resulted in death. The deceased was fifty years of age. The funeral will take place at 10:30 o'clock Saturday and interment will be made at Holmes burying ground.

To-day is pay day at the blast fur-

the body isn't doing the work that nature intended it to do, it puts the whole system out of tune—out of harmony. When all of the parts do not work well together, none of them can work just right. Sickness in one part of the body is likely to run into all parts of the body. It isn't necessary to be sick all over the body, in order that you may feel sick all over. When children stand a row of bricks on whole row down by upsetting one brick. That is exactly what happens to the health when the bowels fail to perform their proper function. Constipation makes trouble all along the line—puts the liver out of order, is bad for the kidneys—bad for the stomach. It holds in the body poisonous matter, and because it cannot go any place clse, it gets into the blood. The blood carries it all over the system. That makes sluggishness, lassitude, bad breath and foul taste in the mouth, fills the stomach with gas and causes windy belching, stops digestion in the stomach, causes sour stomach, heartbarn and flatulence. It makes pimples and blotches and causes sick and billious headaches. Nine-tenths of all human allments are due to this one seemingly trivial cause. Dr. Pierce's Pleasant Pellets cure constipation. They really cure it. Nobody becomes a slave to the use of the "Pellets." They cause no griping and are as mild as they are efficient. At any drug store.
